

Columinate

Catalysts for Common Good ...through Diversity, Equity & Inclusion (DEI) Training & Facilitation Services

Is your management team and board struggling with the reality of engaging a diverse group of stakeholders, whether they be employees, community members, the management team, or even the board itself?

Does your board and management team know that something needs to be done but struggle with where to begin?

Our experience facilitating dialogue on the topic of diversity, equity and inclusion can help foster alignment among the board and management team to determine the best way forward in your particular situation. Our approach to intercultural development supports staff, management and the board through enhancing their intercultural competence.
